

May 28, 1973

Dear Jim & Vickie,

It is just a beautiful day today. Mike and I just got back from Lake Sammamish where Diana had a surprise birthday party for her husband. We couldn't stay too long, since Mike is moving our furniture into our apartment this afternoon. He just left to go get a moving truck and someone to help.

Did you have a good time in California? The weather must be pretty hot there already -- but I suppose you're used to that.

I'm enclosing some of the press clippings on Mike. We sure heard from a lot of people who saw us on television. Gail even called. It

was the first time I'd talked to her in a long time. She said she'd like to work on Mike's campaign, doing anything but doorbelling.

Mom & Dad are up at the cabin this weekend. All of the Dahlstrom group were going up, too, for Leslie's birthday (at Ruthie's cabin). They are sure having nice weather for it.

I am still working for the Appropriations Committee, but am working at home since we don't have an office opened up yet in King County. I commuted to Olympia for a couple days which was really tiring -- so my boss said I could work at home. I'm not very busy, so it's been pretty relaxing.

~~Also~~ Mike and Mark Stensager are moving our furniture ~~in~~ out to the truck now. I'm going to ride over to our apartment with them when they're finished & start unpacking. Love,
Mary
